## Tapestry crochet

According to the tapestry crochet
technique, you work with 2 strands of yarn in each row, switching colors according to chart. Work one color at a time, while keeping the other colors inside the sts throughout the work.

The color of the yarn is always changed
in the last 2 loops of the stitch. In a correct color change, you have a stitch in a solid color and a new color on your hook.

## Chart 1

Mk 2 panels - crochet back \& forth.
Use color \#3402 circulo red.
Ch $88+1$ to turn.
Row 1: start into 2nd chain from hook, 88 sc.
Rows 2 - 4: ch 1, 88 sc. Cut yarn.
Continue following chart 1 switching colors accordingly.

## Assembly

Overlap panels (stars on top = one panel stars will be on top right and the other on top left so both sides will be right). Use tapestry needle and color 3402 to sew 3 sides and insert pillow or polyester stuffing before sewing last side. Fasten off.
